

# Chiral Dynamics 2009

**Thursday 09 July 2009**

**Working Group 2 - Hadron structure and meson-baryon interactions: Generalized parton distributions - B6 (09 July 14:30-16:00)**

- Conveners: Chen, Jian-ping; Dürr, Stephan; Kubis, Bastian

time	title	presenter
14:30	Recent results on GPD/DVCS experiments at CLAS	BALL, Jacques
14:55	Moments of generalized parton distribution functions viewed from baryon ChPT	HEMMERT, Thomas R.
15:20	Delta electromagnetic form factors and quark transverse charge densities from lattice QCD	ALEXANDROU, Constantia
15:45	Baryon structure in chiral effective field theory on the light front	TSIROVA, Natalia
